

A NOTE TO PARENTS

At Kids 'R' Kids, we believe learning should be a happy and rewarding experience for children!

Our foundation is built upon developing partnerships between parents and teachers. This mutual relationship offers a strong educational foundation and optimal care for every child. Kids 'R' Kids exceeds the minimum standards of child-care by providing established educational programs in which children can grow from infancy through their elementary school years. As a parent, you want the best for your child.

Our school is family owned & operated with the owner on site. Our staff is trained in CPR & First Aid, classroom management, positive discipline, parent/teacher communications, along with many other required courses. At Kids 'R' Kids School of Quality Learning, your child will mature into a fun-filled individual ready, willing, and able to take on the world and all it has to offer.

We appreciate the opportunity to introduce you to Kids 'R' Kids and look forward to sharing with you the unique advantages of our environment and programs. We invite you to tour our facility, meet our teachers, and see for yourself how kids are laughing and learning at Kids 'R' Kids.
